To: Asset Management Professionals
From: Nevada Housing Division
Re: Receipt of Proposals for Asset Management Services

The Division has received seven proposals for asset management services and we are now in the process of evaluating them. We apologize as we indicated that the selection process would be completed by 6/24/09.

Please be patient. Division staff will complete the reviews as soon as possible; and will expedite the process of contacting those entities that we select for an interview.

Once again, we apologize for the short delay. Please contact the Division if you have any questions.
